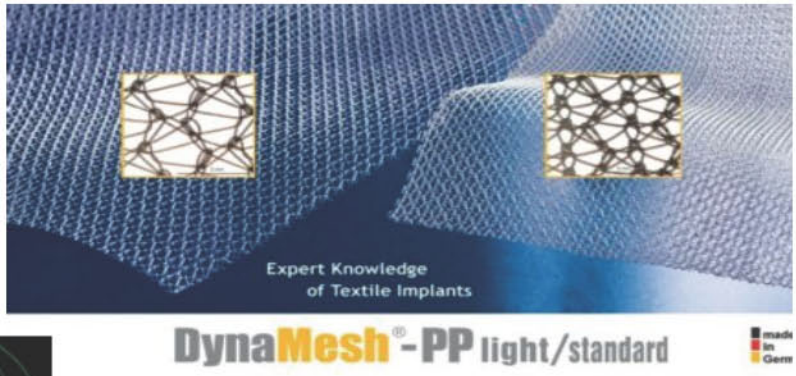
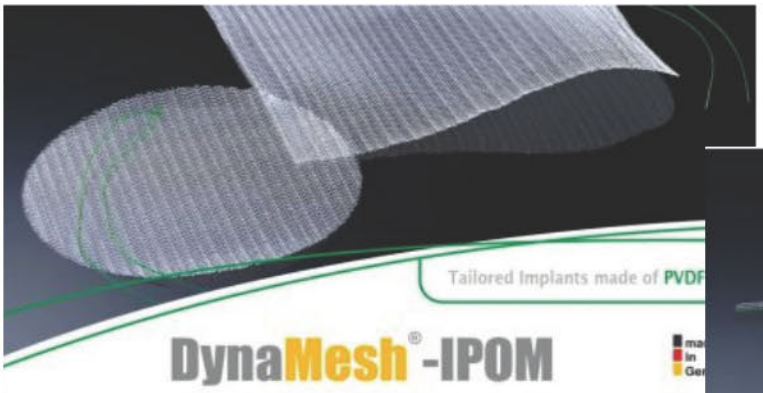
DYNAMESH

DynaMesh®

Country of origin – Germany

Hernia mesh-For Open /laparoscopic /IPOM/any kind of hernia repairs.





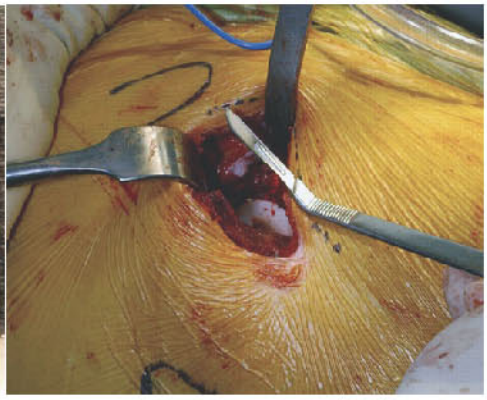
Ref No.	Description	size
IP070706F5	IPOM	7cm x 6cm
IP071015F1	IPOM	10cm x 15cm
IP071515F1	IPOM	15cm x 15cm
IP073030F1	IPOM	30cm x 30cm
IP070012F1	IPOM	Round 12cm
PV211056F1	TOT tape (SIS direct)	1cm x 50cm
PV211050F1	TOT tape (SIS direct)	1cm x 50cm
PV251060F1	TOT tape (SIS direct)	1cm x 50cm
IVT01	Applicator (reusable) Stainless steel	Single handle-TVT
ISTO1	Applicator (reusable) Stainless steel	Left + Right handle set-TOT

Surgifusio

KLAS MEDICAL – SUPRO MESH/DRAPES

Country of origin-Turkey

Hernia mesh-open/laparoscopic/IPOM any kind of hernia repairs.



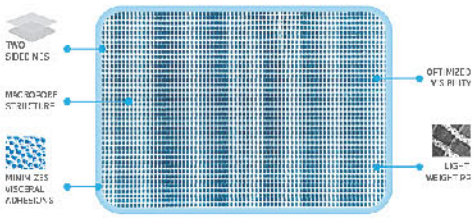
Ref No.	Description	Size
SMS0611	PP Light Mesh	6cm x 11cm
SMS1515	PP Light Mesh	15cm x 15cm
SMS3030	PP Light Mesh	30cm x 30cm
VT-10450	TOT kit (for 1cm x45cm tape, (1 applicator free of charge)	1cm x 45cm
HSSK2020	Neuro patties	20mm x 20mm
ID4545	Hi-Tec Antimicrobial incise Drapes	45cm x 45cm
ID0645	(for general purpose)	06cm x 45cm
ID4545	Antimicrobial Drape	45cm × 45 cm
ID4560	Antimicrobial Drape	45cm × 60 cm

BETATECH - IPOM RANGE

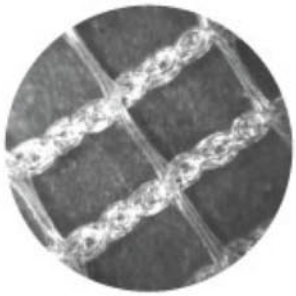
Country of origin- Turkey

Hernia mesh-For Open /laparoscopic /IPOM/any kind of hernia repairs.

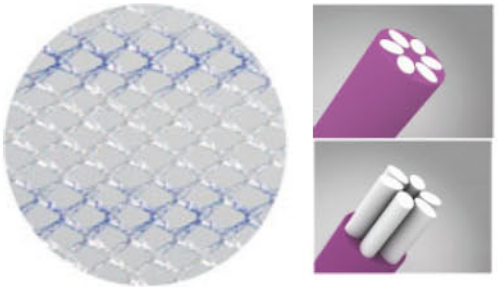
POLYMESH DUAL Intraperitoneal Dual Mesh



POLYMESH INOVA Absorbable Film Coated Mesh



POLYMESH Polypropylene Mesh



POLYMESH COMPOSITE Partially Absorbable Mesh

SUNSHINE RANGE

Country of origin- China

Surgical staplers for hemorrhoid repairs, mesh fixation for hernia Repairs, wound protector for general surgeries.

Ref No.	Description	Size
	Disposable Hemorrhoid Band Ligator	
SHGC -32	Disposable Hemorrhoidal Staplers	32mm
SHGC-36	Disposable Hemorrhoidal Staplers	36mm
MFT-L-02	Mesh Fixation Device	30 tacks, 20 tacks
SSKA-S/M/L	Disposable Wound Protector/Retractor	Small, medium ,large
	Disposable Skin Stapler	35W /25W
	Liner Cutter Stapler	64
	Liner Cutter Cartridges	
	Curved Cutter Stapler	

MANI RANGE

Country of origin- Japan

Vessel knife & skin staplers

Item code	Description
VKE100	Vessel knife blade 0 degree
VKE101	Vessel knife blade 35 degree
VKE500	Scraper blade 0 degree
VKEH175-0	Vessel knife handle 0 degree
VKEH175-10	Vessel knife handle 10 degree
AZ35WS	Skin Stapler-Wide size staple 35 count
S235WS	Skin Stapler-Wide size stapler 35 count

Stainless steel wire-for sternum closure.

Ref No.	Needle type	Description	USP size
0745SW	Y point	Wire diameter 0.73-0.76mm wire length 450mm	USP5
0845SW		Wire diameter 0.83-0.86mm wire length 450mm	USP6
0945SW		Wire diameter 0.93-0.96mm wire length 450mm	USP7
0745SWB	Blunt point	Wire diameter 0.73-0.76mm wire length 450mm	USP5
0845SWB		Wire diameter 0.83-0.86mm wire length 450mm	USP6
0945SWB		Wire diameter 0.93-0.96mm wire length 450mm	USP7

GEOTEK RANGE

Country of origin-Turkey

Biopsy Needles

Ref No.	Name of the product
GACXXXX	Alfa gun biopsy needle
GAG01	Alfa gun biopsy device
GKRXXXX	Katracore automatic biopsy needle
GVSXXXX	Vescut automatic biopsy needle
GECXXXX	Estacore automatic biopsy needle
GAG01	Maxicore biopsy gun
GPNXXXX	Maxicore biopsy gun needle
GPNXXXX-M	Maxicore-m biopsy gun needle
GPNXXXX-U	Maxicore-u biopsy gun needle
GPNA	Semi- automatic biopsy needle
GCBXXXX	Chiba biopsy needle
GCX XXXX	Coaxial needle
GBLXXXX	Brest localization needle
GPAXXXX	Percutaneous access needle
GTPXXXX	Tumor marking needle(peek marker)
GTMXXXX	Tumor marking needle (Gold marker)
GBAXXXX	Bone marrow aspiration needle
GBBXXXX	Bone marrow biopsy needle
	Disposable needle guide for transrectal USG probes
	Disposable needle guide w/probe cover (latex or non latex)
	Disposable needle guide kit w/probe cover and sterile USG gel
GTR-A	Trus kit (GTR-A)
GTR-B	Trus kit (GTR-B)
GTR-C	Trus kit (GTR-C)
GTR-D	Trus kit (GTR-D)
GTR-E	Trus kit (GTR-E)
GOAXXXX	Oocyte aspiration needle

Urology Catheters

PERCUTANEOUS NEPHROSTOMY SET

URETERAL CATHETER

DIRECT PUNCTURE NEPHROSTOMY SET

STONE BASKET

Ref No.	Name of the product	
GDJXXXX-XXX	Long durable dj ureteral stent set	- On request
GDJXXXX-XXX	Double j ureteral stent set	- On request
GUCXXX-XX	Ureteral catheter	- On request
GSJXXX	Single j ureteral stent set	- On request
GRMXXXX	Re-entry malecot catheter	- On request
GPNSXX	Percutaneous nephrostomy set	- Stocks available
GDPNXX	Direct puncher nephrostomy set	- On request
GBDXXXX	Ureteral balloon dilator set	- On request
GSPXXXX	Suprapubic drainage catheter set	- On request
GUDS-12	Amplatz renal dilator set	- On request
GSBSXXXX	Stone basket	- On request
GSGXXXX	Stone grasper	- On request
GNBD10	Nephrostomy balloon dilator	- On request
GUAXXXX	Ureteral access sheath	- On request

A.S PHARMA

Country of Origin – Denmark

A.S.Pharma Saliva Orthana Is the only Natural mucin – based saliva substitute

DESCRIPTION	SIZE
A.S Saliva Orthana	50ml
A.S Lozenges	30 S
Saliveze (Artificial)	50 ml

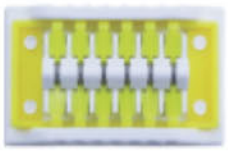
SYMMETRY SURGICAL

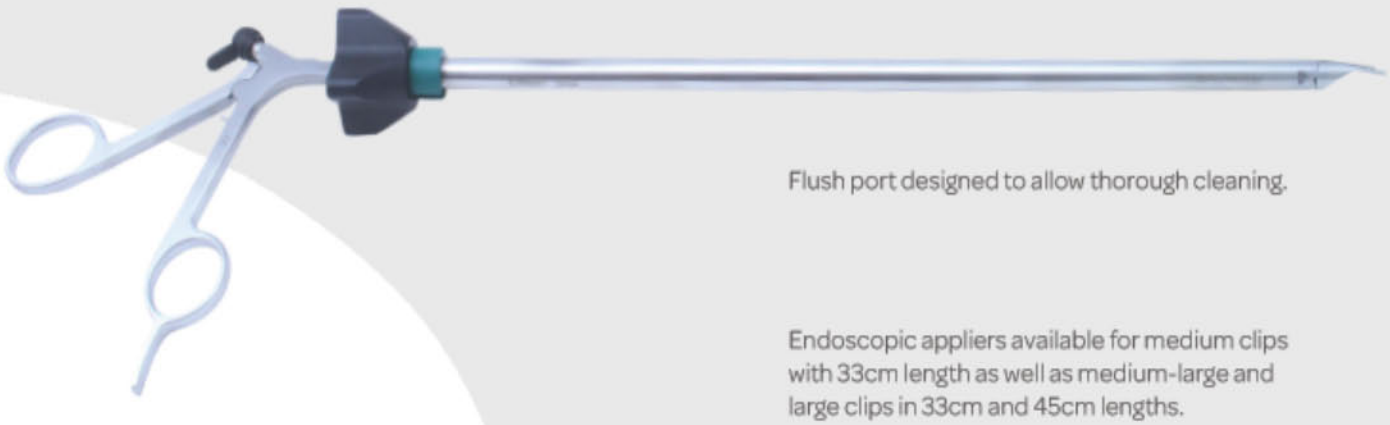
Country of Origin USA

TITANIUM LIGATION CLIPS & APPLIERS



symmetry | vesocclude™

Versatile Appliers for Open and Endoscopic Procedures



Flush port designed to allow thorough cleaning.

Endoscopic appliers available for medium clips with 33cm length as well as medium-large and large clips in 33cm and 45cm lengths.

Size	Colour
Small	Yellow
Medium	Blue
Medium Large	Green
Large	Orange

Surgifusion

Introducing Vesolock™
Polymer Ligation System

symmetry® | vesolock™

Versatile Appliers for Endoscopic Procedures

Endoscopic Appliers

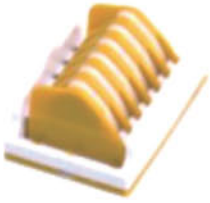
Minimally Invasive: Comes in 5mm and 10mm options. Available for medium-large, large and extra large clips, in 33cm and 45cm lengths.

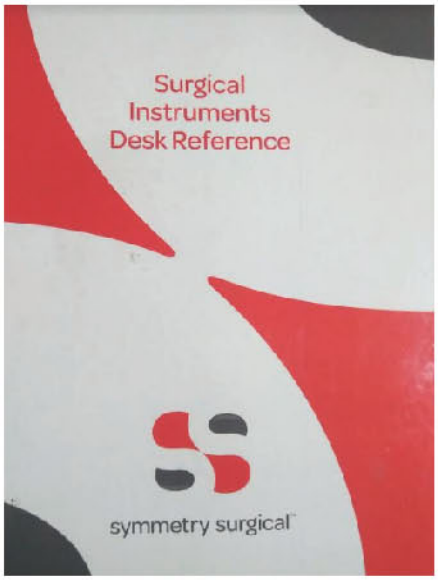
Ease of Use: Color coded appliers to correspond to appropriate clip.

Security: Reinforced shaft to ensure secure placement of clip in applier jaws.

Cost Savings: Manual ligation can provide significant cost savings.

Size	Colour
Medium Large	Green
Large	Purple
Extra Large	Orange





Our range of instruments catalog can be provided on request. (More than 7,000 products /Sizes to choose)

ENDO BAGS

Country of Origin – United Kingdom

Secure Catch Tissue Retrieval Pouches

Product	Code	Description	Pouch	Volume	Pack Qty
Secure Catch	PS3402	Without Tail	70mm x 150mm	90ml	25 / Box
Secure Catch	PS3403	Without Tail	120mm x 170mm	420ml	25 / Box
Secure Catch	PS3406	With Tail	120mm x 170mm	420ml	25 / Box

NUREL MEDICAL

Disposable sterile Drapes

Ref No.	description	size
701.181.01	Craniotomy drape	240 x 330
	Laminectomy spinal vertabre drape	200 x 300

Ref No.	description	Size
	Hydrocoloid Dressing	10x10 6x6
	Tape	½ inch-3inch 10m ½ inch-3inch 10m

BREAST FORMS

101 Impressions II

Category: Breast Forms / Impressions

Impressions II shares the best features of the Impressions breast form but with a shallower profile, based on the world's #1 selling breast form, Trulife's Silk Triangle.

- Advanced lightweight honeycomb design for enhanced durability and breathability
- Enhanced finely tapered edges provide an intimate and seamless fit
- Features an even softer and silkier surface for the most natural feel imaginable

Impressions II shares the best features of the Impressions breast form but with a shallower profile, based on the world's #1 selling breast form, Trulife's Silk Triangle.

- Advanced lightweight honeycomb design for enhanced durability and breathability
- Enhanced finely tapered edges provide an intimate and seamless fit
- Features an even softer and silkier surface for the most natural feel imaginable

Shape:

Symmetrical Triangle

Sizes:

2-12

Surgical Sutures and Medical Devices

We manufacture and market medical devices to improve people's lives. Among the different devices, we produce sutures.

Our laboratory is continously improved, so all our products have the quality that only an advanced technology can give.

We fulfill the requirements of Good Manufacturing Practices and quality standards ISO 9001 and ISO 13485, which also led us to obtain the FDA approval and the CE 1023 to market our surgical sutures in the USA and Europe market.

UNILENE is supported by the process approach. We are focused in Marketing, Production, Quality Assurance and Management.

Sutures

- **Non Absorbable Suture**

Polypropylene

Description

- The Polypropylene, **Non-ABSORBABLE suture**, monofilament, whose main component is the isobathic crystalline stereoisomer of polypropylene, a synthetic linear polyolefin.
- The **polypropylene suture** triggers a minimal acute inflammatory reaction in tissues, followed by gradual encapsulation of the **suture** by fibrous connective tissue.
- It is not absorbed, nor subject to degradation or resistance loss, caused by the action of tissue enzymes.
- It is available in blue.
- Sterilized by **Ethylene Oxide**.

Black Braided Nylon

Description

- Braided Nylon, Non-ABSORBABLE **Suture**, multifilament, of synthetic origin meets the USP requirements.
- It is composed of long chain aliphatic polyme Nylon 6 and 6.6
- It has a high tensile strength and produces almost no tissue reaction.
- It is available in black.
- The product is sterilized by **ethylene oxide**.

- **Absorbable Suture**

Polyglactin 910

Description

- Polyglactin 910 is an Absorbable Synthetic Suture, Multifilament, that comply all USP requirements.
- Polyglactin 910 is made of a Poly (Glycolic-co-l-lactic) 90-10 and covered in Poly (Glycolic-co-l-lactic) 30 -70 of Calcium Stearate.
- It is degraded by Chemical Hydrolysis, that later is absorbed and metabolized by the human body. The absorption process is followed by a mass loss and fully absorbed in 90 days.
- It is available in violet color and sterilized by Ethylene Oxide.

Polyglycolic Acid

Description

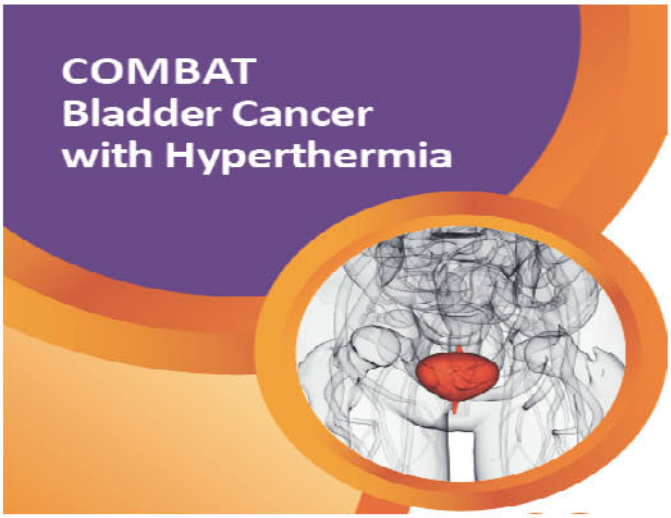
- Polyglycolic acid (PGA) is a synthetic **suture**, ABSORBABLE, Sterile, Multifilament, which meets all requirements established by the USP.
- Is degraded by chemical hydrolysis, which is absorbed and metabolized by the human body.
- The absorption process is followed by a mass loss and fully reabsorbed within 90 days.
- Is coated with polycaprolactone and calcium Stearate.
- Available in Violet color and it is sterilized by **ethylene oxide**.

COMBAT MEDICAL

COMBAT BRS
Bladder Recirculation System

HIVEC™
Targeting Bladder Cancer

Made in UK



Over 500 patients real world efficacy data and over 300 patients safety and tolerability data presented and published over the last 5 years.

The COMBAT BRS delivers heated chemotherapy, HIVEC™ (Hyperthermic Intra-VEsical Chemotherapy), to optimise the chemotherapy treatment for NMIBC patients.
The COMBAT BRS is a closed, conductive, recirculation system with accurate temperature control that ensures homogenous heated drug distribution.

HIVEC™ real world data shows promising results for reducing recurrence and progression rates in certain patient groups. 867 patients are currently in randomised controlled **HIVEC™** trials. Results from these trials are expected to be consistent with the evidence being seen in the real world data published to date.

ME MEDICAL

Country of origin - Switzerland

Surgical Clippers.

The world`s first Surgical Clipper with twistable shaving head!

Safe to use

- The guide strip to the skin-side of the single blade ensure a smooth sliding on the skin

Non-slip rubber handle

- The side rubber grips give the necessary control for a close shave without injury

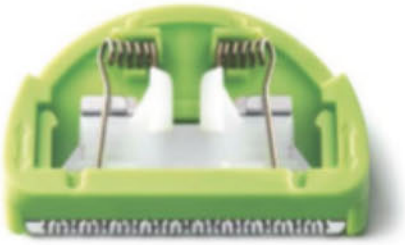
ME Medical™ Surgical Clipper

Battery charger

- Easily mounted on the wall

World`s First Surgical Clipper with twistable shaving head

- The shaving head can be turned at a 45 degree angle to the left and to the right
- This allows safe operation of the clippers in difficult areas of the body (i.e. in the genital area
- Universal razor blade for all areas of the body



Protection against cuts

- The design of the disposable blade prevents contact of the blade with the skin
- This avoids painful cuts and skin lesions

Easy insertion and ejection of the blade

- The single blade can easily be inserted with two fingers on the shaving head
- Easy ejection of the disposable blade with the eject button

Technical information

- ☑ Twistable shaving head
- ☑ Width of cutting blade 35 mm
- ☑ Disposable blade
- ☑ Rechargeable battery
- ☑ Battery life
- ☑ Battery status indicator
- ☑ Charging time
  Less than 1 hour – ME QuickCharge™
- ☑ Overcharge protection
- ☑ Rinsing and cleaning with disinfectant
- ☑ Non-slip handle
- ☑ Warranty 3 years

CLEVER CHEK

Country of origin - Taiwan

LOOD GLUCOSE MONITORING SYSTEM

TD-4279
CLEVERCHEK BLOOD GLUCOSE MONITORING SYSTEM

Description

- 2 parameter: bloof glucose and ketone

- Before / After meal (AC/PC) presettable
- Strip expiry date reminder
- 1000 memory with date/time
- 4 alarm setting
- 7, 14, 21, 28, 60, 90 Day Average
- HCT 0-70%

- LCD Backlight
- QC identification
- Strip Ejection
- Display HCT result

REUSABLE LANCING DEVICE
TD-5010
